Under the Euro Medium Term Note Programme (the "**Programme**") described in this Prospectus, Akademiska Hus AB (publ) (the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities (the "**Notes**"). The aggregate principal amount of Notes outstanding will not at any time exceed €4,000,000,000 (or the equivalent in other currencies). This Prospectus supersedes any previous Prospectus or supplements thereto. Any Notes issued under the Programme within 12 months of the date of this Prospectus are issued subject to the provisions therein. This Prospectus does not affect any Notes issued prior to the date hereof.

This Prospectus has been approved as a base prospectus by the Financial Conduct Authority (the "**FCA**"), as competent authority under Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**") (the "**UK Prospectus Regulation**"). The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Approval by the FCA should not be considered as an endorsement of the Issuer that is the subject of this Prospectus or of the quality of the Notes that is the subject of the Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the FCA for Notes issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list of the FCA (the "**Official List**") and to the London Stock Exchange plc (the "**London Stock Exchange**") for such Notes to be admitted to trading on the London Stock Exchange's main market (the "**Market**"). References in this Prospectus to Notes being "**listed**" (and all related references) shall mean that such Notes have been admitted to trading on the Market and have been admitted to the Official List. The Market is a UK regulated market for the purposes of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the EUWA ("**UK MiFIR**").

This Prospectus (as supplemented at the relevant time, as applicable) is valid for a period of 12 months from its date. The obligation to supplement this Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Prospectus is no longer valid.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "**Terms and Conditions of the Notes**") of Notes will be set out in a final terms document (the "**Final Terms**") which will be delivered to the FCA and the London Stock Exchange. Copies of Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

Each Series (as defined in "**Overview of the Programme**") of Notes in bearer form will initially be represented on issue by a temporary global note in bearer form (each a "**Temporary Global Note**") or a permanent global note in bearer form (each a "**Permanent Global Note**"). Notes in registered form will be represented by registered certificates (each a "**Certificate**"), one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Global Notes may (i) if the Global Notes are intended to be issued in new global note ("**NGN**") form, as specified in the applicable Final Terms, be deposited on the issue date with a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**"); and (ii) if the Global Notes are intended to be issued in classic global note ("**CGN**") form as specified in the applicable Final Terms be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg. The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in "**Summary of Provisions Relating to the Notes while in Global Form**".

Tranches of Notes may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The Issuer's senior long term debt obligations have been rated AA by Standard & Poor's Global Ratings Europe Limited ("**S&P**"). S&P is established in the European Economic Area and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). As such, S&P is included in the list of credit ratings agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation. S&P is not established in the United Kingdom in accordance with Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the "**UK CRA Regulation**"). The ratings issued by S&P have been endorsed by S&P Global Ratings UK Limited in accordance with the UK CRA Regulation and have not been withdrawn. As such, the rating issued by S&P may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation. The rating of certain Series of Notes to be issued under the Programme may be specified in the applicable Final Terms. Please also refer to "**Credit ratings may not reflect all risks**" in the "**Risk Factors**" section of this Prospectus.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "**Subscription and Sale**").

Prospective investors should have regard to the factors described under the section headed "**Risk Factors**" in this Prospectus. This Prospectus does not describe all of the risks of an investment in the Notes.

Amounts payable on Floating Rate Notes will be calculated by reference to one of LIBOR, EURIBOR, STIBOR, NIBOR or CHF LIBOR as specified in the relevant Final Terms. As at the date of this Prospectus, the administrator of LIBOR is included in the FCA's register of administrators under Article 36 of the Regulation (EU) No. 2016/1011 as it forms part of domestic law by virtue of the EUWA (the "**UK Benchmarks Regulation**"); the administrators of EURIBOR, CHF LIBOR, STIBOR or NIBOR are not included in the FCA's register of administrators. As far as the Issuer is aware, the transitional provisions in Article 51 of the UK Benchmarks Regulation apply, such that EURIBOR, CHF, STIBOR and NIBOR are not currently required to obtain authorisation/registration (or, if located outside the United Kingdom, recognition, endorsement or equivalence).

This Prospectus comprises a base prospectus for the purposes of Article 8 of the UK Prospectus Regulation. When used in this Prospectus, "UK Prospectus Regulation" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA and for the purpose of giving information with regard to the Issuer and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

The Issuer accepts responsibility for the information contained in this Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer the information contained in this Prospectus is in accordance with the facts and the Prospectus makes no omission likely to affect the import of such information.

Certain exchange rate information on page 6 has been extracted from Bloomberg. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by Bloomberg, no facts have been omitted which would render the reproduced information inaccurate or misleading.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated in it by reference (see "Documents Incorporated by Reference" below). This Prospectus shall be read and construed on the basis that those documents are incorporated and form part of this Prospectus.

Other than in relation to the documents which are deemed to be incorporated by reference (see "Documents Incorporated by Reference"), the information on the websites to which this Prospectus refers does not form part of this Prospectus and has not been scrutinised or approved by the FCA.

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (as defined in "Overview of the Programme"). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. This document is not an offer of securities for sale in the United States. The Notes have not been and will not be registered under the Securities Act or any state securities laws and may not be offered or sold in the United States or to or for the account or benefit of US persons (as such terms are defined in Regulation S under the Securities Act) unless registered under the Securities Act or offered pursuant to an exemption from such registration. The Notes include Notes in bearer form that are subject to US tax law requirements. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see "Subscription and Sale".

This Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers or the Arranger accept any responsibility for the contents of this Prospectus or for any other statement, made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might

otherwise have in respect of this Prospectus or any such statement. Neither this Prospectus nor any document incorporated by reference nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Prospectus or any other financial statements or any document incorporated by reference should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA and UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**EU MiFID II**”); (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, (as amended, the “**EU Prospectus Regulation**”). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “EU MiFID II product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the “**EU MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes will include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

Notes may not be a suitable investment for all investors. Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the relevant Notes and is familiar with the behaviour of any financial markets; and
- (e) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Notes issued as Green Bonds: None of the Dealers accepts any responsibility for any environmental or sustainability assessment of any Notes issued as Green Bonds or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such “green” or similar labels. None of the Dealers is responsible for the use of proceeds for any Notes issued as Green Bonds, nor the impact or monitoring of such use of proceeds. No representation or assurance is given by the Issuer or any of the Dealers as to the suitability or reliability of any opinion or certification of any third party made available in connection with an issue of Notes issued as Green Bonds, nor is any such opinion or certification a recommendation by the Issuer or any Dealer to buy, sell or hold any such Notes. In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated “green” or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by any of the Dealers that such listing or admission will be obtained or maintained for the lifetime of the Notes.

In this Prospectus, unless otherwise specified or the context otherwise requires, references to:

- *"US\$" and "US dollars" are to United States dollars;*
- *references to "SEK" are to Swedish Kronor; and*

Risk Factors

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur. The Issuer is not in a position to express a view on the likelihood of any such contingency occurring, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material due to the occurrence of events outside the Issuer's control.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The most significant risk factor under each category is presented first. The other risk factors are not presented in order of significance or probability of the risk being materialised. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents deemed to be incorporated by reference herein) and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

Strategic risks

Vacancy risks and risks related to rental income

Akademiska Hus' income derives primarily from rental income from its properties. Investments in specialist buildings require long leases to justify needed investments. The level of vacancies may depend on the Issuer's ability to, in collaboration with its tenants, achieve efficient and appropriate premises for its customers. An increased sustainability focus among customers and changes in people's behaviour as a consequence of the continued strong digitalisation trend, which has accelerated during the coronavirus pandemic, may result in a reduced demand for premises from the centres of education or a change in demand towards different types of premises. The Issuer's ability to continue providing efficient and appropriate premises will depend on its ability to foresee and adapt to future changes and market needs. There is also a risk that it will not be possible to find new tenants in case of increased vacancies, or that new tenants will not pay the same rents as previous tenants, which may result in higher vacancies or lower rental income. On average, Akademiska Hus' vacancies, historically and currently, have a lower rental level than the vacancy rate expressed in square metres. Higher vacancies or lower rental income have a direct effect on the Issuer's earnings, and may have a material adverse effect on the Noteholders' investment.

Risks related to changes in property values

The Issuer reports the fair value of its properties in accordance with International Financial Reporting Standards ("IFRS"). Changes in value are caused by external factors as well as specific changes in the properties; as a consequence, the reported fair value may vary considerably. External factors include, amongst others, the market rent trend, the direct yield requirement and cost of capital requirements. Specific changes in the properties include changes in rent levels, vacancies and investments. Changes in fair value of the Issuer's properties are usually not realised and therefore seldom affect cash flow. Changes in fair value will, however, affect the Issuer's income statement. Changes in fair value of the properties may have a major impact on the Issuer's financial position, which in turn could have an adverse effect on the value of the Noteholders' investment.

Climate risks

Climate changes can have negative consequences for the Issuer's properties and campus areas. The Issuer may have to make costly investments and/or restructurings in order to adapt

to a changed environment, which could have an adverse effect on the Issuer's business and earnings, which in turn may adversely affect the value of the Noteholders' investment.

Political risks and risks related to macroeconomic factors

Akademiska Hus is strategically exposed in the long run to developments in the property market. In turn, this is affected by macroeconomic factors such as general economic trends, growth, labour market, interest rate levels and inflation. The Issuer is also affected by the Swedish government's policies in general and education policy in particular, both of which could be further affected by the coronavirus pandemic. Major investments in modern research and education environments have formed the Group's campuses. Further, Akademiska Hus is exposed to risks related to changes in its mission decided by the Swedish Parliament (Sw. *Riksdag*). Acquisitions and sales of properties take place to counteract and deal with the strategic risk in the property portfolio. Changes in Akademiska Hus' mission, the Swedish government's policies or macroeconomic factors could have a material effect on the Issuer's business, earnings and financial position, which could adversely affect the value of the Noteholders' investment.

Risks related to competence development for personnel

Akademiska Hus' business is dependent on experienced employees possessing relevant skills. The strong digitalisation trend and development of new technologies as well as demands from customers require continuous development of competencies and ways of working, both among senior executives as well as the Issuer's employees in general. There may be a risk that, over time, the Issuer is unable to achieve correct competencies, retain or recruit qualified personnel to the desired extent, and lack of correct competence, if it is substantial, may have an adverse effect on the Issuer's business, which in turn may adversely affect the value of the Noteholders' investment.

Operating and maintenance cost risk

Regular maintenance is crucial to ensure a high level of operational reliability. To ensure a well-maintained property portfolio, maintenance plans are required for the properties, aiming at optimising maintenance costs over time. Operating and maintenance costs are affected by factors such as electricity and water consumption, as well as price trends for goods and services. Some of these costs are variable and can be reduced or postponed to meet a decline in profit or cost of vacant space. If not handled in an appropriate way this could lead to higher maintenance costs in the long run, the need for additional investments and/or property holdings that are not well maintained. This could have an adverse effect on the Issuer's business, both financially and reputationally, which could also affect the value of the Noteholders' investment.

The Issuer is exposed to future electricity price development, including currency effects. Hedging of future electricity prices aim at achieving a low electricity cost over time and is regulated in the guidelines for purchasing electricity. There is, however, a risk that an increase in electricity prices will increase the Issuer's operating cost, which in turn may adversely affect the value of the Noteholders' investment.

Operating risks

Risks related to business disruptions, internal deficiencies and information or cyber security

Operational activities may include the risk of incurring losses due to, among other things, internal routines or control, IT systems, administration, unclear allocation of responsibility, competence development and access to reliable valuation and risk models. This includes risks related to downtime in critical systems used either by the Issuer or its tenants. If the Issuer's routines or systems are inadequate, there is a risk of incorrect decisions being made or the Issuer being unable to properly manage its operations. Digitalisation trends in general also entail increased risks related to information or cyber security. Failure to manage these risks properly may have a material adverse effect on the Issuer's business, both financially and reputationally, which in turn may adversely affect the value of the Noteholders' investment.

Legal risks and risks related to regulatory compliance and unethical behaviour

The Issuer must comply with various laws and regulations. Changes in legislation or regulations could require the Issuer to modify its business or its financial reporting.

Unethical behaviour, internally or externally, is also included in operating risks. Unethical behaviour from an external party includes, among other things, substandard working conditions or negative environmental impact involving the Issuer's suppliers. Unethical behavior from an internal party includes, among other things, bribes or exploitation of a supplier's dependency of Akademiska Hus for private gain. Corporate culture is critical in ensuring that internal controls are a normal and necessary operating prerequisite. Failure to handle this risk adequately may have a material adverse effect on the Issuer's business, both financially and reputationally, which in turn could adversely affect the value of the Noteholders' investment.

Project risks

The construction, refurbishment and extension of properties constitute a part of the Issuer's regular business operations. Investments, being value-enhancing measures, are usually made when there is a lease with a customer, which justifies the investment on business grounds. Projects are usually complex, not only from a technical perspective but also because they involve multiple parties and have long cycles. There is a risk related to the physical design and implementation if there is lack of governance and monitoring. The property market is currently subject to rapid changes with new technologies and potentially new ways of working, especially as a consequence of the coronavirus pandemic. The Issuer's ability to continue to provide efficient and adequate premises requires a continuous dialogue between the Issuer and its customers during the course of the project to be able to adjust the project to the changing needs of the customer. Mistakes while managing these projects may adversely affect the Issuer's earnings which in turn may affect the value of the Noteholders' investment.

Climate and environmental risks

Property companies such as the Issuer affect the climate and environment through construction and on-going maintenance of properties and also through their energy use, including the energy used by customers within their operations. The Environmental Code places considerable responsibility on the property owner. The Issuer seeks to handle this in a structured, co-ordinated way by, among other things, satisfying the environmental certification stipulations laid down in ISO 14001:15. If not handled in an appropriate way, this risk could have an adverse effect on the Issuer's business and earnings which in turn may adversely affect the value of the Noteholders' investment.

Financial risks

Financing risk

The Issuer may not be able to obtain financing, or may obtain financing at higher than expected costs, when debt is to be raised or refinanced. This could have a material adverse effect on the Issuer's financial position, which could adversely affect the value of the Noteholders' investment.

Interest rate risk

Changes in market interest rates may lead to the Issuer's net interest income and expense varying. This could have a material adverse effect on the Issuer's earnings and financial position, which could adversely affect the value of the Noteholders' investment.

Risks related to changes in the value of financial derivative instruments

Akademiska Hus uses interest rate and currency derivatives as important elements in managing interest rate and currency risks. All financing in foreign currencies are hedged to eliminate currency risks. Interest rate and currency derivatives are reported at fair value in the Issuer's balance sheet, and changes in value are reported in the income statement. The value of the financial derivatives will vary due to changes in market interest rates and currency exchange rates, and such variation may have a material adverse impact on the Issuer's earnings and financial position. This could in turn adversely affect the value of the Noteholders' investment.

Credit and counterparty risk

The Issuer's counterparties may not meet their obligations. A limit system for financial counterparty risk is based on the counterparties' credit rating, ownership and the term of the commitment. ISDA agreements and supplementary agreements, Credit Support Annexes (CSA), are always signed before derivative transactions are carried out, which reduces the counterparty risk significantly. However, failure of one or more counterparties to meet their obligations could have a material effect on the Issuer's financial position, which could adversely affect the value of the Noteholders' investment.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Risks applicable to all Notes

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks", (including LIBOR, EURIBOR, STIBOR, NIBOR and CHF LIBOR) are the subject of recent national and international

regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

Regulation (EU) 2016/1011 (the "**EU Benchmarks Regulation**") and Regulation (EU) No. 2016/1011 as it forms part of UK domestic law by virtue of the EUWA (the "**UK Benchmarks Regulation**") apply, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU and the UK, respectively. Among other things, they (i) require benchmark administrators to be authorised or registered (or, if non-EU-based or non-UK-based, as applicable, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU or UK (as applicable) supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based or non-UK-based, as applicable, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. On 5 March 2021, ICE Benchmark Administration Limited ("**IBA**"), the administrator of LIBOR, published a statement confirming its intention to cease publication of all LIBOR settings, together with the dates on which this will occur, subject to the FCA exercising its powers to require IBA to continue publishing such LIBOR settings using a changed methodology (the "**IBA announcement**"). Concurrently, the FCA published a statement on the future cessation and loss of representativeness of all LIBOR currencies and tenors, following the dates on which IBA has indicated it will cease publication (the "**FCA announcement**"). Permanent cessation will occur immediately after 31 December 2021 for all Euro and CHF LIBOR tenors and certain Sterling, Japanese Yen and US Dollar LIBOR settings and immediately after 30th June 2023 for certain other USD LIBOR settings. In relation to the remaining LIBOR settings (1-month, 3-month and 6-month Sterling, US Dollar and Japanese Yen LIBOR settings), the FCA will consult on, or continue to consider the case for, using its powers to require IBA to continue their publication under a changed methodology for a further period after end-2021 (end-June 2023 in the case of US Dollar LIBOR). The FCA announcement states that consequently, these LIBOR settings will no longer be representative of the underlying market that such settings are intended to measure immediately after 31 December 2021, in the case of the Sterling and Japanese Yen LIBOR settings and immediately after 30 June 2023, in the case of the USD LIBOR settings. Any continued publication of the Japanese Yen LIBOR settings will also cease permanently at the end of 2022.

Separately, the euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 25 November 2020, the euro risk-free rate working group published consultations on EURIBOR fallback trigger events and fallback rates. The final recommendations are expected to be published during the second quarter of 2021

The above reforms may cause such "benchmarks" to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain "benchmarks" (including LIBOR, EURIBOR, STIBOR, NIBOR or CHF LIBOR): (i) discouraging market participants from continuing to administer or contribute to a "benchmark"; (ii) triggering changes in the rules or methodologies used in the "benchmark" and/or (iii) leading to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing, or otherwise dependent (in whole or in part) upon, a "benchmark".

The Terms and Conditions of Notes provide for certain fallback arrangements in the event that an Original Reference Rate and/or any page on which an Original Reference Rate may be published (or any other successor service), becomes unavailable, or a Benchmark Event (as defined in the Terms and Conditions) otherwise occurs. The IBA announcement and FCA announcement referred to above may each constitute such a Benchmark Event. This will have triggered certain of the fallback arrangements although, the consequences of such fallbacks being triggered are not immediately effective under the Terms and Conditions. Such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Reference Rate or an Alternative Reference Rate (both as defined in the Terms and Conditions), with or without the application of an adjustment spread and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Issuer (acting in good faith and in consultation with an Independent Adviser). An adjustment spread, if applied could be positive or negative and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of an Original Reference Rate. However, it may not be possible to determine or apply an adjustment spread and even if an adjustment is applied, such adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a Successor Reference Rate or Alternative Reference Rate may nonetheless be used to determine the Rate of Interest. The use of a Successor Reference Rate or Alternative Reference Rate (including with the application of an adjustment spread) will still result in any Notes linked to or referencing an Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

If, following the occurrence of a Benchmark Event, no Successor Reference Rate or Alternative Reference Rate is determined, the ultimate fallback for the purposes of calculation of the Rate of Interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. Due to the uncertainty concerning the availability of Successor Reference Rates and Alternative Reference Rates, the involvement of an Independent Adviser and the potential for further regulatory developments there is a risk that the relevant fallback provisions may not operate as intended at the relevant time.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any of the international or national reforms in making any investment decision with respect to any Notes linked to or referencing a "benchmark".

Risks applicable to certain types of Notes

There are particular risks associated with an investment in CPI Linked Notes. In particular, an investor might receive less interest than expected or no interest in respect of such Notes and may lose some or all of the principal amount invested by it.

The Issuer may issue CPI Linked Notes with principal or interest determined by reference to the Swedish consumer price index. Potential investors should be aware that:

- (a) the market price of such Notes may be volatile;

- (b) they may receive no interest;
- (c) payment of principal or interest may occur at a different time than expected;
- (d) they may lose all or a substantial portion of their principal;
- (e) the index may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices; and
- (f) the timing of changes in the index may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the index, the greater the effect on yield.

The historical experience of the relevant index should not be viewed as an indication of the future performance of such index during the term of any Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any CPI Linked Notes and the suitability of such Notes in light of its particular circumstances.

In respect of any Notes issued with a specific use of proceeds, such as "Green Bonds", there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor.

The applicable Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply the proceeds from an offer of such Notes specifically for investment in Eligible Green Projects and Assets which meet the Eligibility Criteria (each as defined in "Use of Proceeds"). Prospective investors should have regard to the information in the applicable Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of such proceeds for investment in any Eligible Green Projects and Assets will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Eligible Green Projects and Assets). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Eligible Green Projects and Assets will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Green Projects and Assets.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any Notes and in particular with any Eligible Green Projects and Assets to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Notes. Any such opinion or certification is only current as of the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Notes. Currently, the providers of such

opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Green Projects and Assets. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

While it is the intention of the Issuer to apply the proceeds of any Notes so specified for Eligible Green Projects and Assets in, or substantially in, the manner described in the applicable Final Terms, there can be no assurance that the relevant project(s) or use(s) the subject of, or related to, any Eligible Green Projects and Assets will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally disbursed for investment in the specified Eligible Green Projects and Assets. Nor can there be any assurance that such Eligible Green Projects and Assets will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer.

Any such event or failure by the Issuer will not constitute an Event of Default under the Notes. Any such event or failure to apply the proceeds of any issue of Notes for any Eligible Green Projects and Assets as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Eligible Green Projects and Assets and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Investors should refer to the Issuer's website and the Green Bond Framework (as defined in "Use of Proceeds") for further information.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the

Issuer, in the circumstances described in Condition 11 of the Terms and Conditions of the Notes.

If Denmark or Sweden joins the European Monetary Union prior to the maturity of the Notes, this may affect investors in the Notes.

If Denmark or Sweden joins the European Monetary Union prior to the maturity of the Notes, there is no assurance that this would not adversely affect investors in the Notes. It is possible that prior to the maturity of the Notes, Denmark or Sweden may become a participating Member State and that the euro may become the lawful currency of Denmark or Sweden. In that event (i) all amounts payable in respect of any Notes denominated in Danish krone or Swedish krona (as the case may be) may become payable in euro (ii) the law may allow or require such Notes to be re-denominated into euro and additional measures to be taken in respect of such Notes; and (iii) there may no longer be available published or displayed rates for deposits in Danish krone or Swedish krona (as the case may be) used to determine the rates of interest on such Notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro could also be accompanied by a volatile interest rate environment, which could adversely affect investors in the Notes.

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

Although Notes which are admitted to trading on a regulated market within the United Kingdom or offered to the public in the United Kingdom in circumstances which require the publication of a prospectus under the UK Prospectus Regulation are required to have a minimum Specified Denomination of €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes), it is possible that the Notes may be traded in the clearing systems in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case, should definitive Notes be required to be issued, Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell their Notes.

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. In addition, liquidity may be limited if the Issuer makes large allocations of Notes to a limited number of investors.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of their holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings assigned to the issuer or any Notes may not reflect all the risks associated with an investment in those Notes.

One or more independent credit rating agencies may assign credit ratings to the Issuer or an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by its assigning rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances. Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances. In the case of third country ratings,

for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the UK, of existing pre-2021 ratings, provided the relevant conditions are satisfied.

If the status of the rating agency rating the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

Enforceability of judgments

The UK left the EU on 31 January 2020 ("**Brexit**") and the transitional period agreed in the withdrawal agreement, during which EU law continued to apply to the UK, expired on 31 December 2020. As a result, the Recast Brussels Regulation (Regulation (EU) No. 1215/2012 of the European Parliament and of the Council of 12 December 2012) has ceased to apply to the UK (and English court judgments). As no new reciprocal agreement on civil justice has been agreed, there will be a period of uncertainty concerning the enforcement of English court judgments in Sweden following Brexit. As a result, a judgment entered against the Issuer in an English court may not be recognised or enforceable in Sweden as a matter of law without a re-trial on its merits (but the English judgment will be of persuasive authority as a matter of evidence before the courts of law and executive or other public authorities in Sweden). Further, an English judgment pertaining to any Notes, and falling under the rules of the Convention of 30 June 2005 on the Choice of Court Agreements (the "**Hague Convention**"), would be enforceable in Sweden subject to certain procedural requirements. The UK government has also indicated that it intends to enter into other arrangements with the EU for the continued mutual recognition and enforcement of civil judgments but no such arrangements have been entered into as at the date of this Prospectus.

Terms and Conditions of the Notes

The following is the text of the Terms and Conditions that, subject to completion and minor amendment and as supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes. Either (i) the full text of these Terms and Conditions together with the relevant provisions of Part A of the Final Terms or (ii) these Terms and Conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by an Amended and Restated Trust Deed dated 29 May 2009 as supplemented by the First Supplemental Trust Deed dated 28 May 2010, the Second Supplemental Trust Deed dated 27 May 2011, the Third Supplemental Trust Deed dated 28 June 2013, the Fourth Supplemental Trust Deed dated 28 May 2014, the Fifth Supplemental Trust Deed dated 30 May 2018 and the Sixth Supplemental Trust Deed dated 29 May 2019 (as further amended or supplemented as at the date of issue of the Notes (the "**Issue Date**"), the "**Trust Deed**") between the Issuer and Citicorp Trustee Company Limited (the "**Trustee**", which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Amended and Restated Agency Agreement (as amended or supplemented as at the Issue Date, the "**Agency Agreement**") dated 28 May 2014 has been entered into in relation to the Notes between the Issuer, the Trustee, Citibank, N.A., London Branch as initial issuing and paying agent, the calculation agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Issuing and Paying Agent**", the "**Paying Agents**" (which expression shall include the Issuing and Paying Agent), the "**Registrar**", the "**Transfer Agents**" (which expression shall include the Registrar) and the "**Calculation Agent(s)**". Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the principal office of the Trustee (presently at Citigroup Centre, Canada Square, London E14 5LB) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders and the holders of the interest coupons (the "**Coupons**") appertaining to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the "**Talons**") (the "**Couponholders**") are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the relevant Final Terms and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

1 Form, Denomination and Title

The Notes are issued in bearer form ("**Bearer Notes**", which expression includes Notes that are specified to be Exchangeable Bearer Notes), in registered form ("**Registered Notes**") or in bearer form exchangeable for Registered Notes ("**Exchangeable Bearer Notes**"), in each case in the Specified Denomination(s) shown provided that, in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall have the same Denomination as the lowest denomination of Exchangeable Bearer Notes.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a CPI Linked Interest Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest Basis shown in the applicable Final Terms.

This Note may be a CPI Linked Redemption Note, depending upon the Redemption/Payment basis shown in the applicable Final Terms.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Notes that do not bear interest in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates ("**Certificates**") and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "**Register**"). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, "**Noteholder**" means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), "**holder**" (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 Exchanges of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) Exchange of Exchangeable Bearer Notes

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same aggregate principal amount of Registered Notes (in respect of which a new Certificate will be issued) at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Coupons and Talons relating to it, at the specified office of any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Denomination may not be exchanged for Bearer Notes of another Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) Transfer of Registered Notes

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer and the Trustee), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of

Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Condition 2(a), (b) or (c) shall be available for delivery within five business days of receipt of the request for exchange, form of transfer or Exercise Notice (as defined in Condition 6(f)) or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to which delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar.

(e) *Exchange Free of Charge*

Exchange and transfer of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) *Closed Periods*

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days prior to any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(e), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may,

however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3 Status

The Notes and Coupons constitute (subject to Condition 4), direct, unconditional and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and Coupons shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

4 Negative Pledge

- (a) So long as any of the Notes or Coupons remains outstanding (as defined in the Trust Deed) neither the Issuer nor any Subsidiary (as defined in the Trust Deed) shall create or permit to subsist any mortgage, charge, pledge, lien or other form of encumbrance or security interest ("**Security**") upon the whole or any part of their respective undertakings, assets or revenues present or future to secure any Relevant Debt, or any guarantee of or indemnity in respect of any Relevant Debt, unless, at the same time or prior thereto, the Issuer's obligations under the Notes, Coupons and the Trust Deed (A) are secured equally and rateably therewith to the satisfaction of the Trustee or (B) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its absolute discretion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.
- (b) For the purposes of this Condition, "**Relevant Debt**" means any present or future indebtedness in the form of, or represented by, bonds, notes, debentures or other securities that are for the time being, or are capable of being, quoted, listed or ordinarily dealt in on any stock exchange, automated trading system, over-the-counter or other securities market, having an original maturity of more than one year from its date of issue.

5 Interest and other Calculations

(a) *Rate of Interest and Accrual*

Each Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date (as specified in the Final Terms). The amount of interest payable shall be determined in accordance with Condition 5(g).

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment of the full amount of principal is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(b) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day that is a

Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(c) *Interest on Floating Rate Notes*

Subject to paragraph (iii) below, if the Rate of Interest is specified as being Floating Rate, the Rate of Interest for each Interest Accrual Period:

- (i) if the Primary Source for the Floating Rate is a Relevant Screen Page, subject as provided below, shall be:

(x) the offered quotation; or

(y) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at either 11.00 a.m. London time in the case of LIBOR, 11.00 a.m. Brussels time in the case of EURIBOR, 11.00 a.m. Stockholm time in the case of STIBOR, 12:00 noon Oslo time in the case of NIBOR or 11:00 a.m. London time in the case of CHF LIBOR on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (ii) if the Relevant Screen Page is not available or if, sub-paragraph (i)(x) above applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (i)(y) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or, if the Reference Rate is STIBOR, the principal Stockholm office of each of the Reference Banks or, if the Reference Rate is NIBOR, the principal Oslo office of each of the Reference Banks or, if the Reference Rate is CHF LIBOR, the principal London office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), or if the Reference Rate is NIBOR, at approximately 12:00 noon. (Oslo time) or, if the Reference Rate is CHF LIBOR, at approximately 11:00 a.m. (London time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00

a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), or if the Reference Rate is NIBOR, at approximately 12:00 noon (Oslo time) or, if the Reference Rate is CHF LIBOR, at approximately 11:00 a.m. (London time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, or, if the Reference Rate is STIBOR, the Stockholm inter-bank market or, if the Reference Rate is NIBOR, the Oslo inter-bank market or, if the Reference Rate is CHF LIBOR, the London inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), or, if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), or if the Reference Rate is NIBOR, at approximately 12:00 noon (Oslo time) or, if the Reference Rate is CHF LIBOR, at approximately 11:00 a.m. (London time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, or, if the Reference Rate is STIBOR, the Stockholm inter-bank market, or, if the Reference Rate is NIBOR, the Oslo inter-bank market or, if the Reference Rate is CHF LIBOR, the London inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(d) *Interest on CPI Linked Interest Notes*

The Rate of Interest payable from time to time for each Interest Period (as specified in the applicable Final Terms) will be equal to the rate per annum specified in the applicable Final Terms multiplied by the Inflation Index Ratio (as defined in this Condition 5(d)).

For the purposes of this Condition 5(d):

- (i) "**CPI**" means the Swedish consumer price index as published by Statistiska Centralbyrån (Statistics Sweden) ("**SCB**") on its website at <http://www.scb.se/>, or on such replacement website or page on which such information is published.
- (ii) "**Inflation Index Ratio**" means the Interest Rate Index divided by the Base Index (as specified in the applicable Final Terms) as determined by the Calculation Agent.
- (iii) "**Interest Rate Index**" means the CPI for the Relevant Month (as specified in the applicable Final Terms) relating to the relevant Interest Payment Date. If the CPI for the applicable Relevant Month has not been published within ten (10)

Business Days before the relevant Interest Payment Date, the Interest Rate Index shall be determined by the Calculation Agent as the higher of:

- (x) the index announced by the Swedish National Debt Office for the purposes of the Benchmark Bond specified in the applicable Final Terms on or before the tenth Business Day before the relevant Interest Payment Date on the basis of prices on the Swedish bond market; or
- (y) the CPI most recently published before the applicable Relevant Month.

If the CPI is no longer established or published, an equivalent index of consumer prices in Sweden using the same or a substantially similar formula or method of calculation which is calculated or has been published by SCB or by such body as establishes or publishes such an index in the place of SCB (the "**Replacement Index**"). In the event of the CPI being replaced, the Replacement Index shall be converted to the index series upon which the Base Index is based.

(e) *Interest on Zero Coupon Notes*

Where a Note the Rate of Interest of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Redemption Amount of such Note determined in accordance with Condition 6(c). As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(c)).

(f) *Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding*

- (i) If any Margin (as specified in the Final Terms) is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that are due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "**unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro.

(g) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In

respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(h) *Determination and Publication of Rates of Interest, Interest Amounts and Redemption Amounts*

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount, obtain any quote or make any determination or calculation, determine the Rate of Interest and calculate the amount of interest payable (the "**Interest Amounts**") for the relevant Interest Accrual Period, calculate the Redemption Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of an Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the prior written consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of each Rate of Interest, Interest Amount and Redemption Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided, however, that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means the period of time designated in the Reference Rate.

(k) *Calculation Agent*

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Trust Deed). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount or to comply with any other requirement, the Issuer shall (with the prior written approval of the Trustee) appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(l) *Benchmark Replacement*

If notwithstanding the provisions of 5(c), the Issuer (in consultation with the Agent) determines that a Benchmark Event has occurred in relation to the Original Reference Rate when any Rate of Interest (or component thereof) remains to be determined by reference to the Original Reference Rate, then the following provisions shall apply:

(A) the Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine (acting in good faith and in a commercially reasonable manner):

(x) a Successor Reference Rate; or

(y) if such Independent Adviser determines that there is no Successor Reference Rate, an Alternative Reference Rate,

and, in each case, an Adjustment Spread (if any) (in any such case, acting in good faith and in a commercially reasonable manner) no later than five Business Days prior to the Interest Determination Date relating to the next Interest Period (the **"IA Determination Cut-off Date"**) for the purposes of determining the Rate of Interest applicable to the Notes for such next Interest Period and for all other future Interest Periods (subject to the subsequent operation of this Condition 5(l) during any other future Interest Period(s));

- (B) if a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) is determined by the relevant Independent Adviser in accordance with this Condition 5(l)):
- (x) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall be used in place of the Original Reference Rate for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(l));
 - (y) if the relevant Independent Adviser:
 - (1) determines that an Adjustment Spread is required to be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(l)); or
 - (2) is unable to determine the quantum of, or a formula or methodology for determining, an Adjustment Spread, then such Successor Reference Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(l)); and
 - (z) the relevant Independent Adviser (acting in good faith and in a commercially reasonable manner) may in its discretion specify:
 - (1) changes to these terms and conditions and/or the Trust Deed and/or the Agency Agreement in order to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate and/or Adjustment Spread (as applicable), including, but not limited to, (aa) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date and/or Relevant Screen Page applicable to the Notes and (bb) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate and/or Adjustment Spread (as applicable) is not available; and
 - (2) any other changes which the relevant Independent Adviser determines are reasonably necessary to ensure the proper operation and comparability to the Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

(the "**Benchmark Amendments**") which changes shall apply to the Notes for all future Interest Periods (subject to the subsequent operation of this Condition 5(l)); and
 - (aa) promptly following the determination of (i) any Successor Reference Rate or Alternative Reference Rate (as applicable) and (ii) if applicable, any Adjustment Spread, the Issuer shall give notice thereof and of any changes (and the effective date thereof) pursuant to this Condition 5(l) to the Trustee, each of the Paying Agents, the Calculation Agent, the Noteholders and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the Issuer:

- (a) confirming (x) that a Benchmark Event has occurred; (y) the Successor Reference Rate or, as the case may be, the Alternative Reference Rate; and (z) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 5(l);
- (b) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Reference Rate, Alternative Reference Rate and/or Adjustment Spread; and
- (c) certifying that the Issuer has duly consulted with an Independent Adviser with respect to each of the matters above.

The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any), the Benchmark Amendments (if any) and any such other relevant changes pursuant to this Condition 5(l) specified in such certificate will (in the absence of manifest error in the determination of the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Paying Agents, the Calculation Agent, the Noteholders and the Couponholders.

Subject to receipt by the Trustee of this certificate, the Trustee, the Paying Agents and the Calculation Agent shall, at the direction and expense of the Issuer and without any requirement for the consent or approval of Noteholders or Couponholders, concur in effecting the Benchmark Amendments required to the Trust Deed (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), the Agency Agreement and these terms and conditions and the Trustee, the Paying Agents and the Calculation Agent shall not be liable to any party for any consequences thereof and provided that none of the Trustee, the Paying Agents and the Calculation Agent shall be obliged so to concur if, in its opinion, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions and/or rights afforded to it in these terms and conditions, the Trust Deed or the Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement) in any way.

In connection with such variation in accordance with this Condition 5(l), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

No consent of the Noteholders shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) described in this Condition 5(l) or such other relevant changes pursuant to this Condition 5(l), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

For the avoidance of doubt, if the Issuer is unable to appoint an Independent Adviser or if a Successor Reference Rate or an Alternative Reference Rate is not determined pursuant to the operation of this Condition 5(l) prior to the relevant IA Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions set out in the Agency Agreement.

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, in either case which the relevant Independent Adviser determines is required to be applied to a Successor Reference Rate or the

Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with such Successor Reference Rate or Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or
- (ii) in the case of a Successor Reference Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the relevant Independent Adviser determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by such Successor Reference Rate or Alternative Reference Rate (as applicable); or
- (iii) if no such customary market usage is recognised or acknowledged, the relevant Independent Adviser in its discretion determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

"Alternative Reference Rate" means an alternative rate which the relevant Independent Adviser determines, in accordance with Condition 5(l)(A), is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) in respect of notes denominated in the Specified Currency, or, if such Independent Adviser determines that there is no such rate, such other rate as such Independent Adviser determines in its discretion is most comparable to the Original Reference Rate.

"Benchmark Event" means:

- (i) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or
- (ii) a public statement by the administrator of the Original Reference Rate that it will, by a specified date within the following six months, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (iii) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued; or
- (iv) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes, in each case within the following six months; or
- (v) it has become unlawful for any Paying Agent, Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at its own expense and notified in writing to the Trustee.

"Original Reference Rate" means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes.

"Relevant Nominating Body" means, in respect of a reference rate:

- (i) the central bank for the currency to which such reference rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate; or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such reference rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof.

"Successor Reference Rate" means the rate that the relevant Independent Adviser determines, in accordance with Condition 5(l)(A), is a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

6 Redemption, Purchase and Options

(a) *Final Redemption*

- (i) Unless previously redeemed, purchased and cancelled as provided below, each Note, other than where Condition 6(a)(ii) below is applicable, shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided in the relevant Final Terms, is its principal amount).
- (ii) If CPI Linked Redemption is indicated as being applicable in the relevant Final Terms, the Final Redemption Amount will be determined by the Calculation Agent on the following basis:
- (iii) Final Redemption Amount = Inflation Index Ratio x nominal amount of the Notes
- (iv) However, if the Final Index is lower than the Base Index (as specified in the applicable Final Terms) the Final Index will be deemed to be the same as the Base Index for the determination of the Final Redemption Amount.

For the purposes of this Condition 6(a)(ii):

- (x) **"Final Index"** means the CPI for the Relevant Month of the Relevant Year (each as specified in the applicable Final Terms). If the CPI for the Relevant Month of the Relevant Year is not published within ten (10) Business Days before the Maturity Date, the Final Index shall be determined by the Calculation Agent as the higher of:
 - the index announced by the Swedish National Debt Office for the purposes of the Benchmark Bond (as specified in the applicable Final Terms) on or before the tenth Business Day before the Maturity Date on the basis of prices on the Swedish bond market; or
 - the CPI most recently published before the Relevant Month in the Relevant Year.
- (y) **"Inflation Index Ratio"** means the Final Index divided by the Base Index (as specified in the applicable Final Terms) as determined by the Calculation Agent.

If the CPI is no longer established or published, an equivalent index of consumer prices in Sweden using the same or a substantially similar formula or method of calculation which is calculated or has been published by SCB or by such body as establishes or publishes such an index in the place of SCB (the **"Replacement Index"**). In the event of the CPI being replaced, the Replacement Index shall be converted to the index series upon which the Base Index is based.

(b) *Early Redemption Amount – Notes other than Zero Coupon Notes*

- (i) The Early Redemption Amount payable in respect of any Note other than a Zero Coupon Note will be calculated as follows:
 - (x) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
 - (y) in the case of a Note (other than a Zero Coupon Note or a CPI Linked Redemption Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the applicable Final Terms, at its nominal amount;
 - (z) in the case of a CPI Linked Redemption Note, at its nominal amount multiplied by the Inflation Index Ratio as determined by the Calculation Agent in accordance with Condition 6(a)(ii) above, except that the date on which the early redemption is to take place shall be used to calculate the "Final Index" rather than the Maturity Date.
- (c) *Early Redemption Amount – Zero Coupon Notes*
 - (i) The Early Redemption Amount payable in respect of any Note that does not bear interest prior to the Maturity Date, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(d) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note.
 - (ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually. Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.
 - (iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(d) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(e).
- (d) *Redemption for Taxation Reasons*

Subject to Conditions 6(b) and 6(c), the Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note or CPI Linked Interest Note) or, at any time, (if this Note is not a Floating Rate Note or CPI Linked Interest Note) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders (which notice shall be irrevocable) at their Early Redemption Amount (together with interest accrued to the date fixed for redemption), if:

(i) the Issuer satisfies the Trustee immediately before the giving of such notice that it has or will become obliged to pay additional amounts as described under Condition 8 as a result of any change in, or amendment to, the laws or regulations of Sweden or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date, and

(ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Before the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Trustee (x) a certificate signed by two Authorised Signatories of the Issuer stating that the obligation referred to in (i) above cannot be avoided by the Issuer taking reasonable measures available to it and (y) an opinion of independent legal advisers of recognised standing acceptable to the Trustee to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept such certificate and/or opinion as sufficient evidence of the satisfaction of the condition precedent set out in (ii) above in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

(e) Redemption at the Option of the Issuer

If Issuer Call is specified as being applicable in the relevant Final Terms, the Issuer may, on giving not less than the minimum period nor more than the maximum period of irrevocable notice specified in the applicable Final Terms to the Noteholders, redeem all or, if so provided, some of the Notes in the principal amount or integral multiples thereof on any Optional Redemption Date. In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

In that event, the Issuer shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

As used in these Conditions, "**Relevant Date**" in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

(c) *Substitution*

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or the Couponholders, to the substitution of any other entity in place of the Issuer, or of any previous substituted entity, as principal debtor under the Trust Deed and the Notes. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders. If the Issuer is substituted, new listing particulars will be produced.

(d) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them and/or the Issue Price (as specified hereon)) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

15 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

16 Governing Law and Jurisdiction

(a) *Governing Law*

The Trust Deed, the Notes, the Coupons, the Talons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes, the Coupons and the Talons are governed by, and construed in accordance with, English law.

(b) *Jurisdiction*

Subject to this Condition 16(b), the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Deed, any Notes, Coupons or Talons (including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to non-contractual obligations arising out of or in connection with the Trust Deed, any Notes, Coupons or Talons) (a "**Dispute**") and all Disputes will be submitted to the exclusive jurisdiction of the English courts.

For the purposes of this Condition 16(b), the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

To the extent allowed by law, the Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

(c) *Service of Process*

The Issuer irrevocably appoints Business Sweden - The Swedish Trade & Invest Council of 5 Upper Montagu Street, W1H 2AG London, United Kingdom as its agent for service of process in respect of any proceedings before the English courts in relation to a Dispute, and agrees that, in the event of Business Sweden - The Swedish Trade & Invest Council being unable or unwilling for any reason so to act, it will immediately appoint another person approved by the Trustee as its agent for service of process in England in respect of any Dispute. The Issuer agrees that failure by a process agent to notify it of any process will not invalidate service. Nothing herein shall affect the right to serve process in any other manner permitted by law.

(d) *Immunity from Proceedings*

The Issuer irrevocably agrees that, should any proceedings in relation to a Dispute ("**Proceedings**") be taken anywhere (whether for any injunction, specific performance, damages or otherwise), no immunity (to the extent that it may at any time exist, whether on the grounds of sovereignty or otherwise) from those Proceedings, from attachment (whether in aid of execution, before judgment or otherwise) of its assets or from execution of judgment shall be claimed by it or on its behalf or with respect to its assets, any such immunity being irrevocably waived. The Issuer irrevocably agrees that it and its assets are, and shall be, subject to such Proceedings, attachment or execution in respect of its obligations under these Conditions.

Summary of Provisions Relating to the Notes While in Global Form

Initial Issue of Notes

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depositary for Euroclear and Clearstream, Luxembourg (the "**Common Depositary**"). If the Global Note is a CGN, upon the initial deposit of a Global Note with the Common Depositary or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and the delivery of the relative Global Certificate to the Common Depositary, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

If the Global Notes are to be issued in NGN form or the Global Certificates are held under NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. Where the Global Notes issued in respect of any Tranche are issued under the NSS or in NGN form, Euroclear and Clearstream, Luxembourg will be notified as to whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility.

If the Global Note is an NGN the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may also be credited to the accounts of subscribers with Approved Intermediaries or (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems (or Approved Intermediaries).

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or such other clearing system (as the case may be) for their share of each payment made by the Issuer to the bearer of such Bearer Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such other clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

1 Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that the Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to

which, see "Overview of the Programme – Selling Restrictions"), in whole, but not in part, for the Definitive Notes defined and described below; and

- (ii) otherwise, in whole or in part upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement for interests in a Permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Each Temporary Global Note which is also an Exchangeable Bearer Note will be exchangeable in whole or from time to time in part for one or more Registered Notes in accordance with the Conditions on or after the Issue Date but before its Exchange Date, by its presentation to the Issuing and Paying Agent.

2 Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under paragraph 4 below, in part for Definitive Notes or (if the Permanent Global Note is an Exchangeable Global Note) Registered Notes represented by Certificates:

- (i) if the Permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Issuing and Paying Agent of its election to exchange the whole or a part of such Permanent Global Note for Registered Notes; and
- (ii) if the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an "**Alternative Clearing System**"), and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

3 Permanent Global Certificates

If the Final Terms state that the Notes are to be represented by a Permanent Global Certificate on issue, transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (i) if the Notes represented by the Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) with the consent of the Issuer;

provided that, in the case of the first transfer of part of a holding pursuant to (i) above, the Registered Holder has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer.

4 Partial Exchange of Permanent Global Notes

For so long as a Permanent Global Note is held by or on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Registered Notes if the Permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes.

5 Delivery of Notes

On or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be. In this Prospectus, "**Definitive Notes**" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and (if applicable) a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

6 Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Note, on or after the first day following the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

7 Amendment to Conditions

The Temporary Global Notes, Permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

8 Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership dated no earlier than the due date for such payment in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payments fall to be made in respect of the Notes, surrender of that Global Note at the specified office of the Issuing and Paying Agent or such other Paying Agent provided for in the Conditions. A record of each payment, distinguishing between any payment of principal and any payment of interest, will be endorsed on such Global Note by the Paying Agent to whom it was presented or will be made in the records of Euroclear and Clearstream, Luxembourg as applicable.

9 Prescription

Claims against the Issuer in respect of Notes that are represented by a Permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and 5 years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 8).

10 Meetings

For the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. (All holders of Registered Notes are entitled to one vote in respect of each Note comprising such Noteholder's holding, whether or not represented by a Global Certificate.)

11 Cancellation

Cancellation of any Note represented by a Temporary Global Note or a Permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Temporary Global Note or Permanent Global Note on its presentation to or to the order of the Issuing and Paying Agent for endorsement.

12 Purchase

Notes represented by a Permanent Global Note may only be purchased by the Issuer or any of its Subsidiaries if they are purchased together with the rights to receive all future payments of interest (if any) thereon.

13 Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing all information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required.

14 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised and at the same time presenting the Permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation.

15 Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders or participants with entitlements to such Global Note or Registered Notes and may consider such interests on the basis that such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

16 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

Use of Proceeds

The net proceeds of each issue of Notes will be used by the Issuer for its general corporate purposes. If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

Where indicated in the applicable Final Terms, the net proceeds from a series of Notes (such as Notes, "**Green Bonds**") will be used to finance and/or refinance investments (the "**Eligible Green Projects and Assets**") that comply with the categories and criteria (the "**Eligibility Criteria**") set out in the Issuer's Green Bond Framework, as published on its website from time to time (the "**Green Bond Framework**"). Pending allocation of the net proceeds of an issue of Green Bonds for investment in the Eligible Green Projects and Assets, the Issuer will hold such net proceeds, at its discretion, in the form of cash or cash equivalent investments. The Issuer will monitor and account for the net proceeds for investment in the Eligible Green Projects and Assets meeting the Eligibility Criteria.

Akademiska Hus

General

Akademiska Hus AB (publ) (the "**Issuer**", and together with its subsidiaries and affiliates taken as a whole from time to time, the "**Group**") was incorporated under the laws of the Kingdom of Sweden as a limited liability company on 30 December 1992 under the Swedish Companies Act. The Issuer's registered office and domicile is at Sven Hultins Plats 5 SE-412 58 Göteborg, Sweden with telephone number +46 10 557 24 00. The Issuer commenced operations in October 1993. The Issuer is wholly-owned by the Kingdom of Sweden and complies with the ownership policy adopted by the Swedish Government. Administration is managed by the Ministry of Enterprise and Innovation, on behalf of the Ministry of Education and Research which is the principal. The Issuer also complies with the Swedish Corporate Governance Code (the "**Code**"). The Code has been prepared for companies with a broad ownership base. For companies wholly owned by the Kingdom of Sweden the rules laid down in the Code regarding (i) election committee; (ii) appointment of Board of Directors and auditors; and (iii) the reporting of the independence of Board members, are replaced by guidelines in the ownership policy.

The Issuer owns, develops and manages properties for higher education and research institutes in Sweden, with focus on the major university and college cities. As at 31 December 2020, the property portfolio included rentable space of 3.4 million square metres and the assessed fair value of the properties as recorded in the accounts was SEK 99,611 million. The Issuer is one of the largest property companies in Sweden in terms of reported property values.¹

The Swedish State is responsible for the provision of higher education in Sweden and it has direct control over most of the universities and colleges. It has been the policy of the Swedish Government since the mid-forties to provide the Swedish people with free access to higher education.

In collaboration with academia, industry and the community, the Issuer aims to offer its customers sustainable and suitably designed campuses for study and research. With a long-term perspective in mind, the Issuer collaborates with its customers to develop campuses that are flexible and that can be further developed to meet current and future needs with sustainability in focus. Since 2014, providing student housing has also been included in the Group's mission.

¹ According to the Issuer's calculations based on publicly available information.

The following table is a summary of the consolidated Income Statement and Balance Sheet of the Issuer as at and for the years ended 31 December 2019 and 31 December 2020 (on an audited basis):

The translation of amounts from SEK to euro have been made using the rates set out on page 5 of this Prospectus.

**Please note that beginning in 2020 income statement, development costs (SEK 40 million) are no longer included in Property Management Expenses. Property Management Expenses are therefore SEK 40 million lower, which affects Net Operating Income positively. Development costs are included in Profit Before Changes in Value and Tax, which is unaffected by the change. The above table relating to 2019 income statement has been adjusted to enable comparison.

History

In the early 1990s, the Swedish Government, seeking greater efficiency, formed two new state-owned companies to take over the ownership and management of state-owned real estate, which until then had been directly owned and managed by a state authority.

The Group was assigned primary responsibility for university premises. During the first decade the Group focused on the build-up of the company and significant property investments as a result of expansion in higher education. In recent years, there has been increased interest in the community property market and also the Group's special segment in that market, premises for higher education and research, which has increased competition.

At the end of 2012, the six property owning subsidiaries of the Issuer were merged into the Issuer. The merger was implemented to facilitate a more efficient organisational structure with long-term financial stability and yield. In January 2017 a new organisational structure was introduced. The organisation is based on two operational parts, the project management and the property management, complemented by three geographical units responsible for campus and business development. The subsidiary Akademiska Hus Utveckling och Support AB is a dormant company which does not conduct any business while the subsidiary Akademiska Hus Holding AB is available to hold shares in companies which may be established in connection with the sale of properties, if any, effected through the sale of the property-holding company.

A Governmental bill, adopted by the Swedish parliament in December 2013, clarified the Issuer's role and reiterated once more the intention for the Issuer to remain wholly-owned by the Kingdom of Sweden: "Akademiska Hus Aktiebolag will own, develop and manage properties for universities and colleges where the primary focus is on education and research and it will carry on operations compatible therewith. Operations will be run on a commercial basis and will generate a yield in line with the market by setting rents that take into account the operating risks. Akademiska Hus Aktiebolag will work to bring about long-term, sustainable development of university and college campuses" "Akademiska Hus Aktiebolag will remain wholly-owned by the State".

In autumn 2014 the role of Akademiska Hus was further clarified by the Swedish parliament as follows: "Akademiska Hus will contribute to the creation of more student accommodation by making clear that the company's focus includes the construction and management of student accommodation." During the last few years contributing to student housing has become an integrated part of Akademiska Hus' business.

Current Business

Rented Properties

The following table sets out the categories of property (and percentage of rentable space) as at 31 December 2020:

Teaching facilities	47 per cent.
Laboratories.....	33 per cent.
Office	15 per cent.
Other*	4 per cent
Residential	1 per cent

* Other includes sports halls, various agricultural facilities and restaurant areas.

The highest rents derive from laboratories and technical research facilities, as these are specialised and require a higher investment.

The following table shows the tenant categories, based on rental revenue as at 31 December 2020:

Universities and colleges	85 per cent.
Chalmersfastigheter	4 per cent.
Publicly financed operations	4 per cent.
Other.....	7 per cent.

Universities and colleges clearly dominate and account for approximately 90 per cent. of the rental revenue. The majority of these institutions are government controlled through the Ministry of Education and Research.

At 31 December 2020, the financial level of vacant space was 2.4 per cent. of the Issuer's total rental revenue, and the vacancy rate of rentable space, excluding properties that will be demolished, was 3.6 per cent.

The Issuer has a large project portfolio, which mainly consists of projects related to investments in buildings for universities, colleges and research institutes, but also student housing projects. During 2020 investments in new building and development totalled SEK 2,872 million and throughout the year, land and property worth SEK 2,179 million was acquired while land worth SEK 2 million was sold. Usually, the Issuer invests in new constructions, redevelopment and extensions of existing holdings when there is a signed lease contract for the premises. Investments in specifically adapted premises take place only when a long lease, that justifies the investment, has been signed. Any subsequent changes required by the customer are at the cost of the customer. The rapidly changing environment, including the strong digitalisation trend and sustainability focus, both of which has accelerated during the coronavirus pandemic, has increased the need for projects to be carried out in close collaboration with the customer. This enables adjustments to be made during the course of the project, which enables the Issuer to provide flexible and sustainable premises in the long run.

The rental revenue has developed positively during the year due to projects being completed. The work to improve efficiency in property management continues. There is an increasing interest in investing in the market segment, community properties, in which the Issuer is active, as well as in high-quality properties with long leases. In recent years the demand for modern and flexible properties and related services, where digitalisation plays an important role, has increased in the property industry, including the segment for higher education and research facilities. Since 2019 a concept for co-working, A Working Lab (**AWL**), was introduced in Akademiska Hus. AWL aims at providing campus-based premises which further encourages collaborations within research and development. The co-working initiative constitutes a very limited part of Akademiska Hus' business.

The average lease term differs depending on the category of property. As at 31 December 2020, the average lease term for all ongoing contracts was 10.5 years and the average remaining lease term was 6.2 years. In the case of more complex specialist buildings intended for laboratory and research activities, the lease term is normally 10 years or longer. Government approval is required for a public university or college to sign a lease contract longer than 10 years.

Maintenance of Properties

The Issuer's policy is to have maintenance plans for its properties, with the aim of ensuring well-maintained properties with optimised maintenance costs over time. This is done through systematic maintenance and refurbishment of the properties. Structured energy optimisation activities take place in collaboration with customers.

Market Share and Competition

The Issuer has a presence throughout Sweden. Its market share is about 60 per cent. calculated as a proportion of the estimated floor space for university and college premises. Apart from universities and colleges, customers include certain state-owned authorities, municipal authorities, institutions, foundations, private companies and service operations.

The Issuer does not use its land or buildings as collateral. The only collateral posted is over cash in relation to collateral margins in derivative transactions and in electricity hedging.

Relationship with the Sole Shareholder

The Issuer submits financial reports on a quarterly basis. Although the sole shareholder, the Kingdom of Sweden, has appointed the Board of Directors of the Issuer, the management has unfettered discretion to make decisions. The shareholder is not involved in the day-to-day management of the Issuer. The shareholder sets out the overall financial targets for the Issuer. The targets are reviewed on a regular basis.

The present targets were decided at the Annual Shareholders Meeting, in April 2019, adjusting targets set in 2014. The targets applied from financial year 2019 and are intended to be long-term. Changes in internal and external conditions may lead to a revision of the targets at any time.

Capital Structure:

The equity ratio shall be in the range 35 to 45 per cent.

Profitability:

The yield on operating capital shall be at least 6.0 per cent. over a business cycle. Operating profit is calculated as profit before tax excluding changes in values of financial derivatives and net interest income.

Dividend policy:

The ordinary dividend shall be between 40 and 70 per cent. of the profit after tax for the year, excluding any unrealised value changes and deferred tax related thereto. A decision regarding the dividend shall take into account the Issuer's implementation of its strategy, the financial position and its capital structure objective set by the owner.

The Group's equity ratio was 44.5 per cent. at year-end 2020.

Taxation

Sweden

The following summary outlines certain Swedish tax consequences to holders of Notes who are not residents of Sweden for income tax purposes. Purchasers are urged to consult their professional advisers as to the tax consequences of acquiring, holding or transferring Notes.

Under Swedish law as presently in effect, payments of any principal or any amount that is considered to be interest for Swedish tax purposes to the holder of any Note will not be subject to Swedish income tax, provided that such holder is neither resident in Sweden for tax purposes nor engaged in trade or business in Sweden through a permanent establishment to which the Notes are effectively connected.

Swedish law, as presently in effect, does not provide for deduction or withholding for or on account of taxes on payments of any principal or interest to the holder of any Notes, except on payment of interest, and any other yield on any Notes which is paid at the same time as interest, to a holder who is a private individual (or an estate of a deceased individual) with tax residence in Sweden.

The proposed financial transaction tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

Subject to the terms and on the conditions contained in an Amended and Restated Programme Agreement dated 27 May 2021, (as amended and/or supplemented and/or restated from time to time, the "**Programme Agreement**") between the Issuer, the Permanent Dealers and the Arrangers, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell the Notes directly on its own behalf to Dealers that are not Permanent Dealers and who agree to be bound by the restrictions below. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally, or severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between the Issuer and the Dealer in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arrangers for their expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be set out in the Subscription Agreement.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or if Category 2 is specified in the Final Terms, to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

If Category 2 is specified in the Final Terms each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Accordingly, if Category 1 is specified in the Final Terms the Notes are being offered and sold only outside the United States in offshore transactions in reliance on, and in compliance with, Regulation S.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer

or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services to

the Issuer and its affiliates in the ordinary course of business. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the securities of the Issuer, including potentially the Notes offered hereby. Any such positions could adversely affect future trading prices of the Notes offered hereby. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
